

MAY 2021

SCIENCE-BASED START-UPS AND ENTREPRENEURSHIP

We hope you and your loved ones are safe during these trying times. With staying at home becoming the norm once again, staying connected, albeit virtually, has gained even more importance. We aspire to do just that through our digital activities. This month, discover interesting avenues for your start-up in Germany. Explore the German and Indian entrepreneurial ecosystems, including prospects, platforms, and policy updates. Also learn more about our comprehensive entrepreneurship program with offers for everyone from young founders to experienced science managers.

SPOTLIGHT

Start-ups and Innovation: Why Germany?

Focusing on science-based start-ups, Germany is pursuing a long-term agenda of economic empowerment. Explore the entrepreneurial ecosystem of Germany and why it is the front-runner in innovation. Also discover useful papers, platforms, and reports.
